

Healthy Soil for a Healthy Watershed

This 2 –day training will explore basic soil properties and how each relates to soil function.

The best BMPs start with healthy soil!

Blue Card for the Blue Crab - Connecting Soil & Water Ocean County Soil Conservation District

**Dates: October 22—Cattus Island Park
& October 29—Jakes Branch Park**

Time: 9:00 AM—3:30 PM—Lunch Provided

**Hands-on
Workshop**

Through a combination of classroom and field experiences, participants will:

- Measure and assess chemical , biological, and physical properties of soil
- Receive resources & instruction to aid in design, planning, developing and maintaining a site's soil health.
- Pilot the **Barneгат Bay Soil Health Scorecard** on several area locations.

• Who should Attend?

Anyone that deals with soil as part of their job including: planners, engineers, developers, consultants, grounds maintenance personnel, landscapers, municipal employees, land professionals, etc.

In Partnership with : Natural Resources Conservation Service, NJ Society of American Foresters, South Jersey RC&D Council
