## **Team Habitat**

To coordinate the creation,
enhancement, and maintenance
of habitat for all wildlife species that live in or migrate through
New Jersey.

### The South Jersey Resource Conservation and Development Council

promotes the wise use and conservation of natural and community resources through education and collaborative partnerships, supporting the environmental and economic well-being of South Jersey.

**Proudly serving the counties of:** 

Atlantic ~ Burlington ~ Camden ~
Cape Map ~ Cumberland ~
Gloucester ~ Mercer ~ Middlesex ~
Monmouth ~ Ocean ~ Salem

Creating wildlife habitat throughout the South Jersey region

## who we are and what we do

Team Habitat is a group of dedicated individuals from various natural resource agencies and organizations working to provide habitat for all wildlife species in New Jersey. We do this by coordinating the creation, enhancement, and maintenance of wildlife habitat throughout New Jersey.

**Team Habitat** staff of natural resource professionals direct a paid and volunteer work force in creating and restoring wildlife habitats.

**Team Habitat Staff** include professional natural resource managers, who will work with you – the landowner or manager – to develop a wildlife management plan for your property.

## services provided

Seeding – horse pastures

Seeding – cool-season grasses

Seeding – warm-season grasses

Seeding – wildflower meadows

**Riparian Planting** 

Workshops & Demonstrations

# benefits of native habitats

#### **Environmental**

- Creates habitat for birds, wildlife and pollinators
- Improves soil health and water infiltration and reduces soil compaction

#### **Economic**

• Reduces maintenance costs over traditional landscapes

### **Community**

 Offers educational opportunities for schools, environmental commissions and green teams
